## #WCW: Christina Gausas

Just in time for #DCM16, we proudly present our #WCW in hopes of getting you through the rest of your day and preparing you for some awesome shows she'll be in this weekend. Christina has been on such little known shows as the Colbert Report, 30 Rock, Louie, Girls, and in the movie The Incredible Burt Wonderstone. Not a bad resume, huh? She's also half of the amazing improv duo KempSas alongside another favorite female of ours, Ellie Kemper. You may have seen KempSas at none other than UCB Chelsea, or on the Comedy Central Stage in Los Angeles. She's been in such improv shows as Maravilla, Dorff & Gausas, Delaney & Gausas, Adsit & Gausas, Diaz and Gausas with Armando Diaz, Mike Birbiglia's Dream, Gravid Water, ASSSSCAT 3000, and The Stepfathers.

If that wasn't cool enough, she also devised her own improv form for the show "Let's Have a Ball" which was met with wild success at UCB for five years. TimeOut New York has called her "one of the best improvisers in New York City" and New York Magazine has described her work as "brainy, off-the-cuff interplay that recalls the heyday of Nichols & May." You can see her THIS WEEKEND in [Hoop-Prov](#), the amazing longform show [KempSas](#) and for the return of [Let's Have a Ball](#).

To stay even closer to her (not in a weird way) follow her on [Twitter](#) and see her official [UCB Comedy page](#).
